The mentioned dates look like they would work. Either day would be ok.

Chairman Trudell,

The EPA would like to schedule a consultation meeting with you at your office to discuss the proposed EPA actions at the Dewey-Burdock uranium site near Edgemont, South Dakota.

Would a meeting on the afternoon of Wednesday, November 20 or the morning of Thursday, November 21 work for you? I have checked flight schedules and we can arrive in Niobrara by 2:00 pm on Wednesday, November 20 or any time Thursday morning.

If these times or dates do not work for you, please suggest other dates and times and I will check the schedules of the EPA attendees and get back to you.

Thank you!
